## ABOUT CHAIR the LOVE

Chair the Love is a 501(c)(3) nonprofit organization established in 2017 with a mission to restore the right to mobility by providing wheelchairs to those who lack the means or access.

Through the generosity of our donors, we have given over 4000 wheelchairs, restoring their right to mobility and independence, and allowing them to participate in and strengthen their community.

Through distributions with local school systems and support for local hospitals, we have supported our community in Central Florida, as well as internationally. We offer our donors the opportunity to travel internationally to see the impact their contributions have made first-hand, as well as promote the joy of giving and international friendship.

## ABOUT TOPGOLF

No golfing ability? No problem!  
Topgolf is a game that anyone can play (and win).

Score points by hitting micro-chipped golf balls at giant dartboard-like targets on an outfield. The closer you get your ball to the center or 'bullseye' and the further the distance, the more points earned.

The fun and games don't stop there; you can even indulge in delicious food and drinks brought to you while you play. What could be better?
